SUMMARY

I am a 4th year IT student at Metropolia University of Applied Sciences. I am majoring in Mobile Solutions but have also been focusing on web development. During my time studying I have gained a ton of knowledge and experiences to help me become a well rounded programmer/developer. I am super passionate in this field and would like to learn as well as gain more experience. I have worked on numerous personal projects but have also been fortunate enough to work on a bigger collaborative project with other developers.
